# Human Resources

With so many responsibilities, HR professionals need a comprehensive solution to manage it all. Netchex's innovative HR solution helps you access critical data and analytics instantly, find answers and support for your toughest HR challenges, and empower your employees through a better overall experience.

Employee Lifecycle Management

From hire to retire, Netchex brings together everything you need to manage the entire employee lifecycle in a single and simple, yet powerful human resources system. From tax and benefits information to compliance and analytics—all in one place.

HR Support Center

On-demand access to handbooks, forms and policies templates, and everything in-between. Netchex has you covered with online resources, best practices, and personalized client support to help your HR department run smoothly.

Intuitive Self-Service

Netchex makes information instantly accessible for managers and employees—anytime, anywhere. Employees can see accrued time off and available sick leave, request days off, and view pay stubs and W-2's, while managers can approve time off requests, edit timecards, receive scheduling and overtime alerts, and more.

Reporting & Analytics

Netchex offers uncomplicated intelligence with state-of-the-art simplicity. In other words, we make it simple to create reports that are easy to understand. Salary, labor, compliance, and performance trends and insights in one convenient place.
