# Payroll & Tax

Payroll is about so much more than just a paycheck. Maximize efficiency by integrating your payroll process with Time & Attendance, Benefits Administration, and other integral HR tools. With our flexible, easy-to-use system, you can get employees paid and file taxes automatically, accurately, and on time.

Flexible Pay Options

There's more than one way to pay. With today's varied workforce (seasonal, remote, part-time, hourly, or salaried), Netchex offers tremendous flexibility in how you pay your employees, including unlimited direct deposit, live checks, and paycards.

System Integration

With a true single-source system, Netchex provides access, information, and cross-functionality throughout your company. Changes in employee information flow from HR files and employee self-service, eliminating the need to re-key information or track across multiple spreadsheets.

Taxes & Compliance

Automated taxes and reporting to keep you compliant and worry-free. Netchex takes care of all your tax filing and compliance needs, including electronic IRS filings, pay withdrawals, quarterly tax statements, W-2 previews, new hire reporting, and more.

Error-Free Guarantee

Pre-processing reports and analysis spot errors and irregularities before you hit complete. Achieve precision payroll with detailed exception reporting, liability reporting for funding requirements, and gross-to-net views of data prior to processing.
