

ROSWELL PEDIATRIC CENTER, PC

Roswell Pediatrics are a group practice of board-certified pediatricians and pediatric nurse practitioners who specialize in the care of infants, children, and adolescents. We have three medical offices conveniently located in Alpharetta, Crabapple, and Cumming. Our mission is to partner with families to achieve exceptional medical care with compassion and respect.

The Affordable Care Act (ACA) created additional reporting and tracking requirements for Roswell Pediatric Center, so they needed a system that could ensure they were ACA compliant with full-time equivalency (FTE) tracking. At the time, they were also unhappy with ADP's employee engagement process which required manual tracking of processes like paid-time off, accruals and onboarding. They also wanted a clearer presentation of paystub information for their employees.

NetGuide

BUSINESS IMPACT

Netchex's web-based, integrated solutions gave Roswell Pediatric complete control over payroll, benefits and human resources information. With the automatic additions of new hires, integrated background checks and streamlined onboarding, NetRecruiter and NetGuide allow them to focus on finding highly skilled and caring doctors and nurse practitioners.

Their ACA concerns were eased with our ACA Central Dashboard, which generates and distributes required documents to both the IRS and employees, also providing FTE calculations. The automated tracking and reporting of our Time and Attendance solution allows Roswell Pediatric to eliminate manual tracking of paid time off accruals, EEO reports and more. Employees have access to W-2s, total compensation statements, payment history and more on their personal dashboards.

WHY YOU SHOULD CONSIDER NETCHEX

Overall employee engagement is improved by giving their employees better access to their own information and putting the focus on them.
